## Burma Fundraiser

*Saturday 22 October 2016*

Mount Stewart owes so much to Frank Kingdon-Ward who collected in Burma, (Myanmar). An opportunity has arisen for us to go to some of the places he botanised. Help us afford the trip and enjoy a day of tours and lectures at Mount Stewart.

### **The speakers:**

Jimi Blake – Plantsman, Gardener, and visionary creator of Hunting Brook Gardens

Seamus O'Brien – Curator of Kilmacurragh Botanic Gardens, botanical history author and plantsman.

Neil Porteous – Head of Gardens Mount Stewart and botanical traveler.

A One day series of tours and lectures - £40.

Call (028) 4278 8387 for details and to book your place.
